

Eagle Peak Montessori School

Well established, public Montessori charter school in Walnut Creek, CA has openings starting immediately for a 7th/8th Grade Math Teacher + Montessori Guide. Depending on the candidate, this is a full-time or part-time position.

The candidate will become part of a 3-guide team with specific responsibilities for teaching middle school mathematics, including Algebra I or Integrated Math I/II (Algebra + Geometry.) Full-time candidates will participate in and support the aims and mission of the entire Adolescent Program: leadership, life skills, and community development, service learning projects, operation of small businesses, outdoor education, and *overnight trips (possible for 2023-24, once COVID restrictions are lifted.)

Eagle Peak Montessori is committed to creating an educational community that supports authentic Montessori practice in the public school setting via an anti-bias/anti-racism lens. The ideal candidate is:

- An expert in the study and application of middle school mathematics and capable of teaching to a diverse group of learners in whole-group and small group settings.
- Open to non-traditional measurements and assessments of learning.
- Willing to embrace and contribute to innovative, research-based curriculum and best practices.
- Committed to collaboration and co-creating within a loving school community.
- Attune to the developmental needs of adolescents and enthusiastic about serving as a mentor to help them explore passions, navigate and problem-solve challenges, and pique their enterprising curiosity.
- Passionate about fostering independence, autonomy, and responsibility in adolescent learners, with the aim of helping them make real-world connections to become civically engaged global citizens.
- An excellent and adaptable communicator in written and spoken language with co-guides, students, administration, parents/guardians, and the wider community.
- Highly organized and flexible, with the ability to manage resources, responsibilities, and time effectively.
- Committed to the idea that we are all learners and as such, will seek continuous personal and professional growth.

Eagle Peak helps support teachers who hold a Montessori credential and are willing to obtain a state teaching credential or vice versa. There is also a provision for professional development each year.
